

FLAIRS-2002

Florida AI Research Society Officers

President

Douglas Dankel II, University of Florida

Vice President

Bill Manaris, College of Charleston

Treasurer

Avelino Gonzalez, University of Central Florida

Secretary

Scott Goodwin, University of Windsor

FLAIRS-2002 Organizing Committee

General Chair

John Kolen, University of West Florida

Program Chairs

Susan Haller, University of Wisconsin - Parkside

Gene Simmons, University of South Alabama

Special Track Coordinator

Rosina Weber, Drexel University

Workshops Coordinator

Stefan C. Kremer, University of Guelph

Conference Administration and Registration

Jean W. Gerber

FLAIRS-2002 Program Committee

Irma Becerra-Fernandez, Florida International University

Felix Brandt, Technical University of Munich

Will Briggs, Lynchburg College

Brian Carse, University of the West of England

Grazia Cicirelli, IESI CNR

William Clancey, NASA/Ames Research Center and
Institute for Human and Machine Cognition

Diane Cook, University of Texas at Arlington

Michael Cox, Wright State University

Douglas Dankel, University of Florida

John Debenham, University of Technology, Sydney

Georgios Demetriou, University of Southern Mississippi

Michael Doran, University of South Alabama

Soliman Edrees, Central Laboratory of Expert Systems, ARC

Tom Eskridge, University of West Florida /

Institute for Human and Machine Cognition

Jim Etheredge, University of Louisiana at Lafayette

Maria Fasli, University of Essex

James Geller, New Jersey Institute of Technology

Hans Guesgen, University of Auckland

Howard Hamilton, University of Regina

Hyoil Han, University of Texas at Arlington

Charles Hannon, Texas Christian University

Ioannis Hatzilygeroudis, University of Patras

Rattikorn Hewett, University of West Florida /

Institute for Human and Machine Cognition

Henry Hexmoor, University of Arkansas

Lawrence Holder, University of Texas at Arlington

Istvan Jonyer, University of Texas at Arlington

Driss Kettani, Alakhwayn University, Morocco

Rainer Knauf, Ilmenau Technical University

John Kolen, University of West Florida / Institute for Human and Machine Cognition

Vincent Kovarik, Exigent International
Andrew Kun, University of New Hampshire
David Leake, Indiana University
Yugyung Lee, University of Missouri-Kansas City
Chun Liew, Lafayette College
Christine Lisetti, University of Central Florida
Raja Loganathantharaj, University of Louisiana
Bill Manaris, College of Charleston
George Meghabghab, Roane State University
Lisa Michaud, University of Delaware
Rada Mihalcea, Southern Methodist University
Fatma Mili, Oakland University
Debasis Mitra, Florida Institute of Technology
Frank Moore, Miami University
George Nasr, Lebanese American University
Nandan Paramesh, University of New South Wales
Simon Parsons, University of Liverpool
Marius Pasca, Southern Methodist University
Ilka Philippow, Technical University of Ilmenau
Anthony Pipe, University of the West of England
Jim Prentzas, University of Patras
Silja Renooij, Utrecht University
Robert Reynolds, Wayne State University
Carlos Ribeiro, Instituto Tecnologico de Aeronautica
Vasile Rus, Southern Methodist University
Ingrid Russell, University of Hartford
Vladimir Ryabov, University of Jyvaskyla
Roberto Santana, Institute of Cybernetics, Mathematics and Physics
Eugene Santos, University of Connecticut
Eunice Santos, Virginia Polytechnic Institute & State University
Stephan Schulz, Technische Universität München
Geoff Sutcliffe, University of Miami
Wai Sum Tang, Chinese University of Hong Kong
Choh Man Teng, University of West Florida /
Institute for Human and Machine Cognition
Takao Terano, Tsukuba University
Krishnaprasad Thirunarayan, Wright State University
Stanislav Vassilyev, Institute of System Dynamics and Control Theory of SB RAS
Andreas Wolf NorCom, AG

FLAIRS-2002 Special Track Program Committees

AI in Aerospace

Chair: Paul Zetocha, DR III, Air Force Research Laboratory
Derek Surka, AI-Solutions
Pat Cappalaere, Interface and Control Systems
Steve Lindsay, Sandia National Laboratory

AI in Educational IT

Cochair: Alejandro Martins Rodriguez, Federal University of Santa Catarina
Cochair: Roberto Carlos dos Santos Pacheco,
Federal University of Santa Catarina
Paul Bacsich, Sheffield Hallam University
Beatriz Barros B., LSI-Uned, Madrid
Gautam Biswas, Vanderbilt University
Lucia M. M. Giraffa, PUC-RS
Vinícius M. Kern, Federal University of Santa Catarina
Eric Klopfer, Massachusetts Institute of Technology
M. David Merrill, Utah State University
Tanja Mitrovic, University of Canterbury
Fernando S. Osório, Unisinos
Rachel M. Pilkington, University of Leeds
Naren Ramakrishnan, Virginia Tech
Mia K. Stern, IBM Research
Raul S. Wazlawick, Federal University of Santa Catarina
Jie Chi Yang, National Central University

Behavioral Characteristics and AI Systems: Innovations and Applications

Cochair: Christina Frederick-Recascino, Embry-Riddle Aeronautical University
Cochair: Nandan Paramesh, University of New South Wales
John Wise, Embry-Riddle Aeronautical University
Marc Wise, IBM
Christine Lisetti, University of Central Florida

Case-Based Reasoning

Cochair: Hector Munoz-Avila, Lehigh University
David W. Aha, Naval Research Laboratory
Klaus-Dieter Althoff, Fraunhofer Institut
Stefanie Brunninghaus, University of Pittsburgh
Pedro Gonzalez, Universidad Complutense de Madrid

Christiane Gresse von Wangenheim, Universidade do Vale do Itajai
Ramon Lopez de Mantaras, Spanish Council for Scientific Research (CSIC)
Lorraine McGinty, University College Dublin
David McSherry, University of Ulster
Sascha Schmitt, University of Kaiserslautern
Additional Reviewers:
Thomas Roth-Berghoffer, Empolis, Germany
Barry Smyth, University College Dublin, Ireland

Categorization and Concept Representation Models and Implications

Chair: Colette Faucher, University of Aix-Marseille III
David W. Aha, Navy Center for Applied Research in AI
Ralph Bergmann, University of Kaiserslautern
Max Bramer, University of Portsmouth
Paolo Frasconi, University of Florence
Robert L. Goldstone, Indiana University
James Hampton, City University
David Leake, Indiana University
Bradley C. Love, University of Texas
Paul McKevitt, University of Ulster
Clark Glymour, Carnegie Mellon University
Philip Resnik, University of Maryland
Lance J. Rips, Northwestern University
Steven A. Sloman, Brown University

Evaluation of Intelligent Systems

Chair: Rainer Knauf, Ilmenau Technical University
Valerie Barr, Hofstra University
Avelino Gonzalez, University of Central Florida
Ilka Philippow, Ilmenau Technical University
Takao Terano, University of Tsukuba
Setsuo Tsuruta, Hitachi Ltd.
Neli P. Zlatareva, Central Connecticut State University

Imprecise and Indeterminate Probabilities in AI

Chair: Choh Man Teng, University of West Florida /
Institute for Human and Machine Cognition
Fabio G. Cozman, University of Sao Paulo
Gert de Cooman, Ghent University
Henry E. Kyburg, Jr., University of West Florida /

Institute for Human and Machine Cognition and University of Rochester
Isaac Levi, Columbia University
Serafin Moral, University of Granada
Eric Neufeld, University of Saskatchewan

Integrated Intelligent Systems

Chair: Ioannis Hatzilygeroudis, University of Patras & CTI
Cochair: Basilis Boutsinas, University of Patras & UPAIRC
Norman Foo, University of New South Wales
Artur S. d'Avila Garcez, Imperial College of Science
Melanie Hilario, University of Geneva
Steffen Hoelldobler, Dresden University of Technology
Detlef D. Nauck, BTextact Technologies
Chris Nikolopoulos, Bradley University
Ian Watson, University of Auckland
Yanqing Zhang, Georgia State University

Additional Reviewers

Nikolaos Avouris, University of Patras
Dimitrios Kalles, University of Patras
Timos Sellis, National Technical University of Athens
Julita Vassileva, University of Saskatchewan

Knowledge Management

Chair: Irma Becerra-Fernandez, Florida International University
Alberto J. Canas, University of West Florida
Michael Freeman, NASA Ames Research Laboratory
Rajiv Sabherwal, University of Missouri
Rosina Weber, Drexel University

Machine Learning

Chair: Zdravko Markov, Central Connecticut State University
Diane Cook, University of Texas at Arlington
Altay Güveni, Bilkent University
Henry Hexmoor, University of Arkansas
Lawrence Holder, University of Texas at Arlington
Igor Kononenko, University of Ljubljana
Miroslav Kubat, University of Miami
Gheorghe Tecuci, George Mason University
Gerhard Widmer, Austrian Research Institute for Artificial Intelligence

Neural Networks

Cochair: Ingrid Russell, University of Hartford
Cochair: Brian Carse, University of the West of England
Cochair: Anthony G. Pipe, University of the West of England
Charles Anderson, Colorado State University
Jim Austin, University of Yor
Serge Dolenko, Moscow State University
Vijaya Kumar, Carnegie Mellon University
Lisa Meeden, Swarthmore College
Bernhard Sendhoff, Honda Research and Development Europe
C. N. Schizas, University of Cyprus

Semantic Web

Chair: Borys Omelayenko, Vrije Universiteit
Program Chair: Dieter Fensel, Vrije Universiteit
Hans Akkermans, Vrije Universiteit, Amsterdam
Vassilis Christophides, FORTH
Isabel Cruz, University of Illinois at Chicago
Stefan Decker, Stanford University
Steven Demurjian, University of Connecticut
Max J. Egenhofer, University of Maine
Jeffrey R. Ellis, The University of Connecticut
Jerome Euzenat, INRIA
Natasha Fridman Noy, Stanford University
Carole Goble, University of Manchester
Asun Gomez-Perez, Polytechnic University of Madrid
Siegfried Handschuh, University of Karlsruhe
Frank van Harmelen, Vrije Universiteit, Amsterdam
Jim Hendler, University of Maryland
Masahiro Hori, IBM
Ian Horrocks, University of Manchester
Michel Klein, Vrije Universiteit
Ora Lassila, Nokia Research Center
Deborah McGuinness, Stanford University
Enrico Motta, The Open University
Dimitri Plexousakis, FORTH
Guus Schreiber, Universiteit van Amsterdam
Steffen Staab, University of Karlsruhe
Heiner Stuckenschmidt, University of Bremen
Rudi Studer, University of Karlsruhe

Jutta Willamowski, Xerox Research Centre Europe
Jan-Daniel Zucker, University of Paris 6

Additional Reviewers

Jeffrey R. Ellis
Jan-Daniel Zucker
Siegfried Handschuh
Jutta Willamowski

Spatiotemporal Reasoning

Cochair: Hans Guesgen, University of Auckland
Cochair: Kathleen Hornsby, University of Maine
Frank Anger, National Science Foundation
Thomas Bittner, Northwestern University
Christian Freksa, Hamburg University
Patrick Hayes, University of West Florida /
Institute for Human and Machine Cognition
Joachim Hertzberg, GMD National Research Center for Information Technology
Lina Khatib, NASA Ames Research Center
Christian Kray, German Research Center for Artificial Intelligence
Benjamin Kuipers, University of Texas at Austin
Gerard Ligozat, LIMSI and Universite Paris XI
Robert Morris, NASA Ames Research Center
Jayant Sharma, Oracle Corporation
Michael Worboys, University of Maine

Uncertain Reasoning

Cochair: Yang Xiang, University of Guelph
Cochair: Salem Benferhat, University Paul Sabatier
Cory Butz, University of Regina
David Chiu, University of Guelph
Marek Druzdzel, University of Pittsburgh
Love Ekenberg, Stockholm University and KTH
Linda van der Gaag, Utrecht University
Christopher Geib, Honeywell Research
Michael Horsch, University of Saskatchewan
Timothy Huang, Middlebury College
Weiru Liu, University of Ulster
Anders Madsen, Hugin Expert
Eric Neufeld, University of Saskatchewan
Andy Novobilski, University of Tennessee
