Alterman, Richard, 54
Anderson, Scott D., 62
Au, S., 136

Babaian, Tamara, 81
Barruffi, R., 33
Beetz, Michael, 67
Bennewitz, Maren, 67
Bergmann, Ralph, 133
Bonet, Blai, 113
Borrajo, Daniel, 121
Branskat, Sonja, 127

Carranza, César, 133
Combining Classical and Reactive Planning: The ABC^2 Model, 121

Defeasible Planning, 1

FOX-GA: A Planning Support Tool for Assisting Military Planners in a Dynamic and Uncertain Environment, 21
Framework for Mobile Robot Concurrent Path Planning & Execution in Incomplete & Uncertain Environments, A, 41

Garland, Andrew, 54
Geffner, Héctor, 113
General Sentinel Model: Towards a Consensus for Plan Monitoring Agents, A, 27
Ghallab, Malik, 144
Gratch, Jonathan, 15

Hayes, C.C., 21
High-Level Planning and Control with Incomplete Information Using POMDPs, 113
Horty, John F., 106
Integrating a Temporal Planner with a Path Planner for a Mobile Robot, 144
IpexT: Integrated Planning and Execution for Military Satellite Tele-Communications, 98
Issues in Interleaved Planning and Execution, 62

Kettler, Brian, 27
Kortenkamp, David, 88
Kott, Alexander, 48

Lamare, Brigitte, 144
Lamma, E., 33
Learning Cooperative Procedures, 54

Mapping Planning Actions and Partially-Ordered Plans into Execution Knowledge, 94
Matellán, Vicente, 121
Mello, P., 33
Metaplanning for Multiple Agents, 15
Milano, M. 33
Miura, Jan, 74
Multi-Decompositional Approach to Integration of Planning and Scheduling- An Applied Perspective, A, 48
Muños-Avila, Héctor, 133

Nareyek, Alexander, 7

Onder, Nilufer, 106

Parameswaran, N., 136
Pemberton, Joseph C., 27
Pete Bonasso, R., 88
Plan Execution in a Multi-Agent System in an Uncertain Environment, 127
Planning Model for Agents in Dynamic and Uncertain Real-Time Environments, A, 7
Planning with Incomplete and Dynamic Knowledge via Interactive Constraint Satisfaction, 33
Planning with Incomplete Knowledge and Limited Quantification, 81
Planning, Scheduling, and Plan Execution for Autonomous Robot Office Couriers, 67
Plaunt, Christian, 98
Pollack, Martha E., 106
Pollock, John L., 1
Progressive Plan Execution in a Dynamic World, 136
Proposal for a Planning Approach for Information Seeking, 133

Rajan, Kanna, 98
Rizzo, Paola, 94

Saks, Victor, 48
Scheckenghost, Debra, 88
Scheduling Parallel Execution of Planning and Action for a Hierarchically-Decomposable Planning Problem, 74
Schlabach, J.L., 21
Schmolze, James G, 81
Shirai, Yoshiaki, 74

Three NASA Application Domains for Integrated Planning, Scheduling, and Execution, 88

Unger, Claus, 127
Unifying Algorithm for Conditional, Probabilistic
Planing, A, 106

Veloso, Manuela M., 94

Weberskirch, Frank, 133

Zelek, John S., 41
